

Point B is to the left of 0, so it represents a negative number and Point E is to the right of 0, so it represents a positive number. However, Point B is less than 3 units to the left of 0, so it cannot represent  $-3\frac{1}{3}$ . Also, Point E is more than 3 units to the right of 0, so it cannot represent  $2\frac{3}{8}$ .
